GENERAL CHAPTER 33

Even if the investigation business did lead to anything, I cannot.

Oh, really? Are you that important?

Well, I'm the one who put them in the secret task force.

Annoyed

Fine then, good luck with that.

Are you still mad about yesterday?

You're making me look like a moron now...

Still a person's first impression... no, first impression...

First impression.

Yeah, first impression that is what's important!

Yong was ruined, ruined, ruined.

I don't mind with that's who has bad first impressions.

Mr. Tenma.

What!

.....

.....?

Now!

Wait is it Mr. Shirogan Leo?

Why are you looking at me with such a pitiful, puppy face?

He used your authority, Mr. Tenma.

These guys from Bravo will continue to commit crimes.

And to stop them we would have to kill more people.

Mr. Tenma, you said that you were going to kill Kaneshiro to prevent those murders.

...Just a second.

That is true, but why do you keep looking at me with that face?

Is it somehow suspicious? Doctor

Even if you do...

.....

Goose

Bumps

Mr. Shirogan Leo, don't do this!

It's running my mood!

I feel like I'm talking to a goose!

Rub

Damn it, I grabbed it! Drat! I lost! I lost! I am so furious~!

So furious

Now~ Let's start the investigation

.....

Oh my God!

Look! The two kids, Mr. Shirogan Leo and I, actually participated in Shirogan Mission Impossible Task Force!

Just got mad at me. Terrible. No wonder not any girl just hit me!

Detective Ta~ is requesting the help of you Sanctified.

Damn it, I grabbed it! Drat! I lost! I lost! I am so furious~!

So furious

Now~ Let's start the investigation

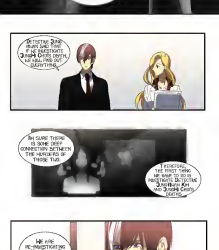
.....

daily cross

So that's what happened.
So that explains where he got Shinki Chi!
And on top of that, she had a detective in the Kuroegi Gang, Sung Hwan Pierce.
Pierce!

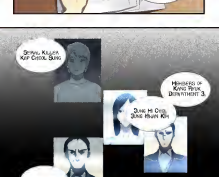
Anyways, detective Sung Hwan Kim is the leader of the Sung Hwan Kim Detective Agency. He's also the one we're looking for, his wife, Sung Ha Chin.

What is this, why do we have to go to Detroit?
First, Detroit! Movement there is to find the spirit from Shinki.
To do this, we need to find one, but why there?
Hm?
Why? We can only see the spirits from Shinki.



Shinki, their sole line is that they are the only ones that spirits exist that can!
This means that Shinki watches the spirits until they survive their end.
Most of the spirits that are detected by Shinki are considered about the reasons behind their deaths.
So we need to start by investigating these deaths.

We can't think of the connection between the murders of these two.
I suppose the first thing we need to do is find out what is Sung Hwan Kim and Sung Ha Chin's motive.



Oh right, there was something that might involve the murder of Kang Pyo.
There's also that Kyung Ah Kim's child who's part of the Yeon Pyung.
Yes?
